

FAIZAN AHMAD

FULL STACK WEB DEVELOPER

+92-327-1769054 | Khushab, Pakistan | faizanbhatti0907@gmail.com | linkedin.com/in/faizan-ahmad | github.com/faizitech11

SUMMARY

Computer Science graduate with hands-on internship experience across remote and onsite, collaborative teams — developed strong communication, client-facing, and problem-solving skills while delivering projects on schedule. Combines technical understanding of digital products with a people-first, relationship-building mindset, and is eager to apply strong communication and negotiation skills to a Business Development Intern role.

EDUCATION

Bachelor of Science in Computer Science University of Education, Lahore (Jauharabad Campus) GPA: 3.01	2022 – 2026
FSc (Pre-Engineering) Superior Group College Grade: B	2020 – 2022
Matric (Science) Government High School Khaliqabad Grade: A+	2018 – 2020

EXPERIENCE

Full Stack Developer Intern Tara Technology (Onsite)	Ongoing
- Working onsite as a Full Stack Developer Intern, contributing to both frontend and backend development of live projects. - Collaborating with in-house engineering teams to build, test, and deploy web application features. - Applying frontend (HTML, CSS, JavaScript) and backend (PHP/Python, MySQL) skills in a production, onsite environment.	
Frontend Developer Intern Developer Hub (Remote)	Feb 2026 – Mar 2026
- Built responsive and user-friendly web interfaces using HTML, CSS, and JavaScript. - Collaborated with remote teams to develop and optimize website functionality and user experience. - Participated in code reviews and applied best practices for clean, maintainable frontend code.	
Frontend Developer Intern SyntaxHub (Remote)	May 2026
- Developed and improved web interfaces with a focus on usability and clean design. - Worked collaboratively in a remote team environment to deliver frontend features on schedule. - Gained practical experience in problem-solving and continuous learning in web development.	

SKILLS

Core: HTML, CSS, JavaScript, Responsive Web Design

Backend & DB: PHP, Python, MySQL

Python Libraries/Frameworks: Tkinter, Flask, Django

Tools: Git, GitHub, VS Code, FileZilla (FTP Client & Deployment), REST APIs (basic), Data Entry

Soft Skills: Problem Solving, Team Collaboration, Communication, Negotiation, Persuasive Communication

PROJECTS

FYP — Class Engagement & Understanding Evaluation System | HTML, CSS, JavaScript, PHP, MySQL

github.com/faizitech11/FYP-Project

- Built a full-stack web app that helps educators track student engagement and understanding during live lectures.
- Frontend: Designed responsive dashboards and real-time feedback forms using HTML, CSS, and JavaScript.
- Backend & DB: Created login system, stored student responses, and displayed analytics using PHP and MySQL.
- Impact: End-to-end project connecting frontend with backend — making me job-ready beyond just theory.
